

Programme 4b: Training and Evaluation

Ayona Silva-Fletcher – Clinical Sciences and Services, LIVE, Royal Veterinary College, Hawkshead lane, UK. asilva@rvc.ac.uk

Developing capacity in training approaches and evaluation

Across project partner countries

- Methodological coherence
- Developing and validating research tools for evaluation
- Appropriate sample
- Target and context specific training approaches
- Collecting and analyzing data concurrently
- Thinking theoretically

**Build on the
experience of
the training
teams**
